Gorgeous Colchicums

FOR AUGUST SHIPMENT Gorgeous Colchicums—Sensational Wonder Bulb. No Soil, No Water, No Care.

Place the bulb, just as it is, on the mantel, window ledge or table and with no further attention on your part, it will reward you with its exquisitely lovely blooms. The usefulness of the bulbs does not end with the fading flowers. Plant them outdoors after they finished blooming in the fall and next spring luxuriant green foliage will appear. When the foliage dies down in early fall, the bulbs can be again brought indoors for blooming, or left outdoors, if you so desire.

STERNBERGIA LUTEA

(Golden Yellow Autumn Flower) FOR AUGUST SHIPMENT

The bulbs develop their foliage shortly before blooming, adding to the beauty of the richly textured yellow flowers. Sternbergias bloom around mid-September and attain a height of 6-8 inches. They are native of Turkey and perfectly hardy. Sternbergias also can be used for indoor potting. Plant in late August 3 inches

potting. Plant in late August 3 inches deep in well drained soil in full sun. 6 for \$1.35; 12 for \$2.50; 25 for \$4.65

TIGRIDIA (Mexican Shell Flower)

FOR IMMEDIATE SHIPMENT

These unique but little known flowers come from the ancient gardens of Mexico. Although the individual flower lasts only one day, Tigridias are free blooming and add vivid color to your garden for many weeks. Plants are $2 \cdot 2 \frac{1}{2}$ ft. high with sabre-like foliage. Plant 4 inches deep in late spring, after soil is warm. They prefer rich

Lycoris Squamigera

soil and full sun. Store like Gladiolus in winter. Varied shades of brilliant orange, scarlet, pink, white and lilac, blotched and spotted with shades of crimson and maroon. Tigridias are free from diseases and easy to grow anywhere.

Mixed only, \$1.55 per doz.; 25 for \$3.00

Tigridia

HARDY AMARYLLIS HALLI

(Lycoris Squamigera) FOR AUGUST SHIPMENT

Lycoris are planted in early fall, and bloom shortly after planting. Lilyshaped flowers, 8 to 12 in number, of a delicate lilac pink are borne on tall, straight stems. The bulb is hardy and does not have to be dug up. In spring attractive green foliage appears which thrives until July, when it dies down and the bulb is dormant for a while. Then, as if by magic, the flower springs up. Plant bulbs 4 inches deep in good garden soil. Ideal plant for back of perennial beds or borders. **Each 75c; 3 for \$2.00; \$6.75 per doz**,

CANNAS for Summer Beds

Cannas, in brilliant shades with majestic foliage, are invaluable for a lovely show in your garden or a special bed in the center of the lawn. The various shades of green or bronze foliage always provide an exotic effect. Start the roots early as Cannas thrive best in mid-summer heat. Cannas bloom freely until late fall. Water freely during dry spells. Store during winter as Dahlias.

ISMENE CALATHINA

(Peruvian Daffodil)

This summer blooming member of the Amaryllis family will bring great pleasure to every gardener. Planted in the spring, as soon as the soil has warmed up, it will flower in 3 to 6 weeks. The clusters of pearly white flowers are borne on stems 15 to 18 inches high. After blooming, the abundant glossy foliage remains in good condition until frost and adds to any foundation planting. Besides its qualities of beauty and easy growing performance this flower has a lovely fragrance and keeps excellently as a cut flower. Dig bulbs in late fall, store at room temperature and take care not to break off the fleshy roots. Plant bulbs 8-12 inches apart.

Mammoth bulbs each, 75c; 3 for \$2.00; 12 for \$7.50

Collection of Cannas each of 5 (unlabeled) \$1.50 3 each of 5 (15 labeled) 4.00
